TECHNICAL DATA SHEET

Product Name	HYDROFLEX WHITE HR7 LL FDA	Version No 1 Date Oct-2016
---------------------	----------------------------	-------------------------------

Product Description:

Aqueous dispersions of CI Pigment White 6 (Titanium Dioxide)

FDA Regulations. All ingredients used comply with FDA 21CFR 177.2600 rubber articles intended for repeated use

SPECIFICATION		PROPERTIES		
Appearance	White Paste	Weather Fastness	Full Shade	5
Viscosity	40-100dpas		Reduced Shade	5
Pigment %	65	Heat resistance	Up to 240deg's C	
Specific Gravity	1.8	Light fastness	Full shade	8
pH	7.0-9.5		Reduced shade	8
Solids content	n/a	Resistance to alkali	5	
Strength	+/- 5.0%	Resistance to acid	5	
Shade	$\Delta E < 1.0$	Solvent resistance	Polar	5
			Non Polar	5

Notes:

Light fastness	Scale 1 – 8	1 poor	8 excellent
Other fastness properties	Scale 1 – 5	1 large change	5 small change

Packaging: 30kgs Mausers
